ADDRESS: UAE, Dubai

VISA STATUS: VISIT (Expiry-
February 25, 2022)

Nationality: Pakistani

MEMBERSHIPS

Member of Pakistan Engineering
council (PEC)

AQEEL ASIF

Chemical Engineer (Five plus years of Experience)

WORK EXPERIENCE

10-2018 – 06-2021 **Research Assistant**
State Key Laboratory of Heavy Oil Processing, China University of
Petroleum, East China

09-2015 – 06-2018 **Shift Engineer**
Biotech Energy (Pvt) Ltd, Sheikhpura, Pakistan

Responsibilities:

Analytical Testing Work:

- Chemical/Physical Analysis of bulk, Raw and Pack materials and release on time.
- Report results in QM system and other release documents.
- Report Out of limit result immediately.
- Release Raw and Pack materials.

Finish Product Release Support:

- Documents collection and review of production packet.
- Compilation of lab data for specific batch to release.
- Review and signing off batch packet.

Lab Controls:

- Complete trainings on testing methods.
- Create Validation protocol/report and perform verification checks of instruments.
- Review of calculations of last shift.
- Calibration and maintenance of laboratory preparation and standardization of chemicals.

Instruments:

- Preparation and standardization of chemicals.
- Sample retention.
- Participate in Lab Co-op program inventory management of lab chemicals.
- Washing of glassware and apparatus.

Additional Responsibilities:

- Running various time saving, cost saving and other projects.
- Participation and ownership of safety systems.
- To assist the implementation of R&D goals, activities and ensuring the delivery of company goals.

10-2014

Internship (1 month)

Wah Noble Acetates Ltd, Taxila, District Rawalpindi, Pakistan

EDUCATION

09-2018 – 2021 **China University of Petroleum, East China**

MS in Chemical Engineering and Technology CGPA 3.90/4.0

09-2011 – 07-2015 **University of Gujrat, Pakistan**

BS in Chemical Engineering CGPA 3.42/4.0

COURSES AND TRAININGS

- Training on Entrepreneurship & Basic supervision (PEC)
- E learning course certificate in “Lab Safety” (AIChe)
- Process Safety Ethics A Brief Introduction (AIChe)
- The Role of Inert Gases In Process Safety (AIChe)
- Risk Based Process Safety Manage Risk Training and Procedures (AIChe)
- Certificate in “Research Writing in the Sciences” offered by INASP, an international development organization in the UK

SKILLS

Math and science skills, particularly analytic and organic chemistry

Languages: English and Urdu Fluent

Chinese Basic
