## Objective

---

An experienced Mechanical Engineer with excellent cross-functional ability in operation, inspection, documentation and development. I'm now looking for a new opportunity in an environment which encourages me to succeed and grow professionally where I can utilize my skills and knowledge appropriately.

## Experience

---

### 1. OSE Industries L.L.C, Dubai

*November 2021 – Present*

Production Engineer

- Prepare production related reports (as required and at regular intervals). Monitor KPI achievements on a monthly basis.
- Assign tasks to various divisions within the production department based on production plan and schedule.
- Overall supervision throughout the plant/factory as required.
- Manage audits, both as an auditor and an auditee.
- Prepare audit documentation according to defined standards.
- Arrange materials for production based on requirement. Prepare purchase requests based on materials required for production in alignment with production plan.
- Schedule manpower and shifts based on production plan.
- Manage and monitor productivity of the production department. Implement innovative processes for continual improvement.
- Control and minimise the scrap rate in production.
- Ensure employees are aware of their responsibilities. Manage, train, coach and motivate the team to develop their skill to ensure that a high professional standard is achieved and monthly KPI targets are met.
- Conduct trainings and meetings as necessary with production personnel and other departments as required.
- Inter-department communications and follow-up.
- Adhere to OH&S and environmental requirements defined by OSE.
- Ensure that the team reporting to the role is trained on department and procedure specific HSE requirements. Ensure Health & Safety practices specific to the department are implemented.
- Ensure cleanliness and principles of 5S are maintained and followed by all in the department.
- Verify and encode production related data in the ERP system.
- Undertake any other tasks or assignments as instructed by the Management.

### 2. Snow Factory Equipment L.L.C, Abu Dhabi

*October 2019 – November 2020*
